Elk River BC Fly Fishing

Experience the "Ultimate Dry Fly Fishing Action" of the Elk River. The Elk River is a spectacular freestone mountain river. With a weed-free stone bottom, the dry fly action from numerous insect hatches is amazing.

The summer season opens June 15 every year and the dry fly action carries right on through to mid October. The Elk River is packed full of healthy wild Cutthroat trout ranging from 14 to 18 inches with an occasional fish in the 20" range. The Cutties in the Elk River are very thick, "Big Shouldered" fish due to the single, barbless hook restriction and the high levels insect productivity. A day of Elk River BC fly fishing is nothing short of amazing and will keep you coming back for years to come.

Elk River Fly Fishing Guides

With Elk River Guiding Company you can only expect the best Elk River fly fishing guides. With all our trips, float trips or walk n' wade trips, we offer the most professional guided fly fishing experience in the Elk Valley - our service and reputation are second to none. You will be pleasantly surprised by our Elk River fly fishing guide knowledge and expertise of the waters while being thoroughly impressed by our service. Make the most of your fly fishing vacation with Elk River Guiding Company Ltd.

On most of our waters we will be primarily drift fishing. Working presentations along under cut banks and runs into pools prove to be very productive from a drift boat. We will also utilize our drift boats to- access parts of the river that cannot be reached wading. This does not mean you can't get out of the boat. There are plenty of runs, log jams, and structure that warrant getting out and working selected sections of water.

All Elk River Fly Fishing Trips include:

1. Access & use of our extensive fly selection specifically designed for the Elk River and Tributaries
2. Plenty of beverages during the trip
3. Shore lunch
4. Our expertise and experience in fly fishing the river, tributaries, and other local waters
5. Transportation to and from your vacation accommodation
6. Full Day Float Trips on Mackenzie Style Drift Boats or drift rafts

What to bring & Fishing Equipment Required

1. Hip Waders, preferably lightweight and breathable as it does get warm.
2. Felt soled wading boots, the river rocks are very slippery.
3. Sweatshirt
4. Rain Coat
5. Hat and Sunglasses (polarized if possible so you can see deeper into the water)
6. Fly rod and reel (4, 5, or 6 weight)
7. Dry fly line and some 5X leaders.
8. Sunscreen & Hat
9. Camera

Gear Rental is available (subject to availability & advanced notice required)

1. Waders
2. Wading boots
3. Fly Rod & Reel
