

# ELK RIVER GUIDING COMPANY LTD.

Professional Guide Service & Specialized Fly Shop

FERNIE, BRITISH COLUMBIA, CANADA

## *Trout Post Lodge British Columbia Canada*

The Trout Post Lodge is defined as "Rustic Luxury" and is located on 134 acres of private river front property. Completed the Spring of 2009, the Trout Post sleeps 8 anglers comfortably in 4 bedrooms and a loft. It has 2 bathrooms with showers and a large open concept front room and Kitchen area. With its large fully covered wrap around deck, there is no shortage of space for relaxing after a day on the river. Due to its remoteness, the Trout Post is off the grid and is powered by a 12KW generator, has a large propane tank for hot water, cooking, and to run the refrigerator. However, because we want you to fish and enjoy yourself, it also has a dish washer, microwave, BBQ and very comfortable furnishings. This place is ideal for groups of friends who plan annual trips, and want something "on the water". The property and surrounding lands have limited public access so rarely is another wade angler seen. The Lodge is fully equipped for self catering however we can supply a cook to take care of breakfast and evening meals. This makes it ideal for smaller corporate retreats as well. Call us today to Book the Trout Post for your fly fishing adventure!
